

SOFT230222-T585 (1.0) - Login with valid email and password (v. 1.0.4)

Details

Key	SOFT230222-T585
Name	Login with valid email and password (v. 1.0.4)
Objective	To validate that the user can login into the system.
Precondition	1.The user should be able to the access the application. 2.The user should be singed up.
Folder	Team 1/[Lilyana Miteva]/Version 1.0.4/Login/Positive
Status	Draft
Priority	High
Component	-
Owner	Lilyana Miteva
Estimated Time	-
Labels	
Traceability	SOFT230222-37 - [login] Unable to login with email
Attachments	
Dates	Created on 03/21/2023 14:01:52 by Lilyana Miteva Updated on 03/21/2023 14:03:01 by Lilyana Miteva

Test Script

1	Step Navigate to application url
	Test Data http://poll-app1-20230222.softacad.bg/
	Expected Result Successfully load application Home page
2	Step Click Navigation button Login
	Test Data

	Expected Result Successfully redirected to Login Page
3	Step Enter valid email into Username or Email input field
	Test Data test.123@ testing.com
	Expected Result Users have entered a valid email.
4	Step Enter valid password into Password input field
	Test Data Secret123
	Expected Result Users have entered a valid password.
5	Step Click Login button
	Test Data
	Expected Result User successfully login to the application. The user is redirected to the polls page.

SOFT230222-T586 (1.0) - Login with valid username and password (v. 1.0.4)

Details

Key	SOFT230222-T586
Name	Login with valid username and password (v. 1.0.4)
Objective	To validate that the user can login into the system.
Precondition	1.The user should be able to the access the application. 2.The user should be singed up.
